CAREER OBJECTIVE

A motivated and ambitious Computer Science undergraduate with strong foundations in Python, software development, and AI/ML technologies. Currently pursuing a Bachelor's at Forman Christian College University, I aim to apply my technical and analytical abilities to AI-driven projects. Recognized for adaptability, leadership, and goal-oriented teamwork, I am eager to contribute to data-driven innovation while continuously expanding my expertise in machine learning and deep learning.

EXPERIENCE

Devsinc — AI/ML Intern
Duration: 18 Dec 2025 – Present

- Worked on AI Compliance frameworks including EU AI Act, Colorado AI Act, and California AI Act to ensure regulatory adherence across deployed systems
- Engineered AI pipelines compliant with HIPAA, PIPEDA, and ISO standards for secure and ethical data handling
- Addressed complex healthcare edge cases in AI model development, ensuring reliability and safety in critical-domain deployments
- Led QC/QA efforts for advanced enterprise-ready LLM models, optimizing performance and robustness for top-tier global organizations
- Performed debugging and optimization of AI models to improve accuracy, reduce bias, and enhance production stability
- Contributed to AI-driven solutions across Healthcare, Fintech, and Legal AI domains, building LLM-based operating systems tailored to industry needs
- Developed end-to-end pipelines for AI model training, validation, and production deployment with integrated DevOps and MLOps practices
- Collaborated with cross-functional teams to integrate AI solutions into production applications
- Utilized AWS cloud services to support scalable model hosting and infrastructure management

EDUCATION

Lingnan University, Hong Kong – Exchange Student of Data Science

- **Courses:**
  - Design and Algorithm
  - VR / AR Software Development
  - Unreal Engine 5

Forman Christian College University – Bachelor of Science in Computer Science (BSCS)

- Expected Graduation: Fall 2026
- Currently studying Machine Learning and Deep Learning as part of coursework.
- Participated in multiple international academic programs abroad, enhancing global exposure and communication.

Intermediate of Computer Science (ICS) -Roots International / MIUC, Lahore, Pakistan

- **Duration:** 03/2020 – 02/2022

- **Courses:**
    - Computer Science (Coding and Theory)
    - Physics and Mathematics

Web Development and E-Commerce Course - Defence Welfare Society Technical Vocational Training Centre, Lahore, Pakistan

- **Duration:** 06/2020 – 01/2021
- **Courses:**
    - Web Development
    - Quality Assurance
    - WordPress

PROJECTS

AI-Based Infographic Learning Companion (Final Year Project)

- Developing an AI-powered companion app to enhance digital learning through automated infographic generation.
- Integrates NLP and data visualization to create interactive, user-friendly learning tools. • Focused on React front-end and Python-based backend.

Portfolio Web Application

- Designed a responsive personal portfolio using React, CSS and Flask backend. • Showcased projects, blog integration and contact automation via APIs.

SOFT SKILLS

- Strong client communication and presentation skills
- Team collaboration and adaptability
- Time management and goal orientation across different timezones
- Architecutural Decisions with international clients
- Quick learner with initiative and self-motivation

EXTRACURRICULAR & LEADERSHIP

Actively engaged in a wide range of academic, creative and leadership activities at Forman Christian College University.

- Served in multiple university societies and organizing committees, demonstrating strong communication, event management and teamwork skills.
- Managed logistics, promotions and coordination for student events, showcasing strong time management and leadership under pressure.
- Worked as Executive **Event Coordinator** Forman Music Society 2025, **Head Graphics** at Forman Dramatics Club 2024, **Graphics Supervisor** at Forman Journalism Society 24', **Logistics Manager** Journalism Society 23' and many more.
